

# Example Letter of Intent

Dear GASC,

North Gwinnett High School would like to proclaim and approve their intention to run for parliamentarian in the 2023 elections for the 2023-2024 GASC Executive Board. First and foremost, we are capable and willing to fulfill the duties of the Parliamentarian, as outlined in the policies of the GASC executive board. We will be sure to make sure to be effective leaders during elections, assure that the executive board adheres to the constitution, and serve as a contact point for any questions regarding parliamentary procedure. North Gwinnett High School has been a long-time member of GASC and has served on the executive board in the past as district representatives, secretary, parliamentarian, and executive president.

We will be sure to update the constitution throughout the year as needed. We will keep track of proposals for amendments to the constitution and will assure they are voted on effectively at Convention 2024 and will edit the constitution to include ratified amendments.

We will assure that the 2024 GASC Elections are executed smoothly and impartially by reviewing all letters of intent and approving candidates. During elections, we will assure votes are counted efficiently and accurately so that our members' voices are heard effectively.

During executive meetings, we will adopt all parliamentary procedures according to the GASC Constitution, including Robert's Rules of Order to facilitate decisions and discussions.

Finally, we will commit to fulfilling our duties proactively and with enthusiasm and create meaningful relationships with fellow members as we aim to extend our passion for leadership and community through the Georgia Association of Student Councils.

Sincerely,

Krupa Patel and Yasmen Sghayyer  
North Gwinnett High School Student Council

Nathan Ballantine, Principal

Brittany Ilich, Student Council Advisor
